SATCO® | NUVO®

LED
FUNCTIONAL
FIXTURES

SATCO® | NUVO®

NUVO's Functional line of luminaries offers the latest technologies and manufacturing design in LED lighting for the commercial, industrial and residential market.

We bring quality, value and design to every product we create. With each progressive generation our technology and engineering advance, improving product performance, versatility of application, ease of installation, safety, maintenance and overall satisfaction.

NUVO provides lighting solutions you can count on, and products you can rely on.

We do the LIGHT thing.
We do the RIGHT thing.™

SATCO® is a single source solution for all of
your lighting needs, from emerging LED technologies
to decorative fixtures and lighting components,
we carry products for nearly every industry
and application.

As a turnkey lighting operation, SATCO brings efficiency.
value and an ease of doing business to our customers.

Independent and privately owned
for over 50 years, SATCO® is grown
on traditional values: trust, quality,
loyalty and hard work. Agile in practice,
unwavering in customer focus.

we deliver on
product, promise & partnership.

LAY IN/HIGH BAY

Advancements in the manufacturing design of SATCO's lay in and high bay fixtures expand their opportunity in the market. Among our new introductions: Adjustable Panel Linear High Bay and our Emergency Battery Back Up Troffers, UFO High Bay and our CCT selectable back lit panels.

Features like flicker-free technology and a bevy of accessories extend product versatility through installation, light diffusion, beam angle adjustment and more.

SURFACE MOUNT

While Satco boasts many surface mount fixtures, Blink® is by far our stand out. Sleek and minimalistic, this dexterous fixture plays well in any environment.

Damp or wet location certified, available in numerous shapes and size combinations in "new classic" finishes like gunmetal, polished nickel, white and matte black, BLINK® goes just about anywhere. In 2020 NUVO introduced Blink Luxe to the family, our most decorative introduction yet.

Most Blink fixtures meet T24 requirements, Many are ENERGY STAR® certified.

UTILITY

NUVO's LED "utility" fixtures are designed to light spaces effectively, efficiently and conveniently with clean lines and unobtrusive styling. From laundry rooms, garages, stairwell and closets in the home and commercial applications including retail, office buildings, workshops and more.

Satco's 2020 utility offering includes connectible lighting, photo sensors, motion sensor, dimmable, color selectable, and emergency ready options.

With every new introduction and every generation, new technologies advance LED lighting.

MULTI PURPOSE

Simple, cost-effective, decorative fixtures that are low maintenance, energy efficient and aesthetically neutral answer the needs of a variety of spaces, making them popular lighting products.

These fixtures move from residential to commercial, bedroom to basement, closet to kitchen. NUVO's offering include damp locations, sensor options, all at a premium value.

FLOOD LIGHTS AND WALL

Architectural lighting enhances the exterior of any building and landscaping. NUVO 2020 includes an expansion of flood lights and outdoor wall mounted fixtures.

From durable, quality flood lights in multiple sizes and mounting options to commercial wall fixtures that bring sophistication to any facade,

NUVO's proven designs and products have continued to win on value, quality and design.

LANDSCAPE FLOODS

Landscape flood lights that are high powered, easy to install, easy to adjust and easy to maintain – the outdoor flood light features your customers are looking for!

No transformer is required with these energy savers available in 6W, 9W and 12W versions. Low to no maintenance, and long LED life.
CANOPY/AREA/ WALL

Exterior lighting for security, safety and illumination; rugged enough to withstand the elements and available at a motivating, energy-saving value.

NUVO's DLC® and DLC® Premium commercial outdoor fixtures are packed with premium features, many with built-in microwave sensors or sensor add-ons. With DLC® premium rebates and LED energy savings, the ROI is built right in.

STEP LIGHTS

NUVO's LED step lights are offered in horizontal and vertical configurations.

No transformer is required. Both models are available in gray, white and bronze, 3000K and are dimmable

Step lights are one of NUVO's newer additions to our expanding outdoor design category.

RECESSED

NUVO's unrivaled offering of recessed downlighting is both vast and diverse. We continue to offer new retrofit options to help bridge technology and we include new features like selectable CCT and remote drivers. Architectural options such as our new linear recessed and NUVO's popular FREEDOM® line of architectural downlights offer high end options at a great value; and commercial color selectable downlights with both lumen and CCT selection offer the ability to replace as many as 120 skus with 8, an unbelievable value.

We do the LIGHT thing.
We do the RIGHT thing.™

TRACK

Track lighting, track heads and now mono points continue to prove one of the most versatile fixtures in lighting. From retail to residential, track continues to maintain its place in modern mainstream design while also providing useful, adaptable accent lighting.

New double track heads, mono points and shape variations provide subtle modern twists; and, of course, generation after generation, light efficacies continue to advance.

CounterQuick™

No matter how you hang it, install it, connect it, link it, wire it, or light it – CounterQUICK™ is designed to help get the job done; with installation solutions that save on labor, quality, and durability that make for a long maintenance free life.

With an advanced CCT selection and high/low switch, CounterQUICK™ is a stocking and installation advantage as well as an added value to property owners. Adjust the light output and select a desired color temperature right at the fixture.

Optional extension cables link fixtures across large areas – around corners and cabinets – eliminating the need for additional wiring to the power source.

COUNTERQUICK™
LED Linkable Under Cabinet Fixture

We do the LIGHT thing. We do the RIGHT thing.™

TABLE OF CONTENTS

ENERGY SAVINGS, COMPLIANCE AND CODE

Energy savings through lighting conversion is one smart way to drastically lower utility costs and meet the new and increasing compliance code demands.

DLC® AND DLC® PREMIUM

SATCO|NUVO's commercial LED fixtures are created to replace traditional technologies with ease, providing low wattage alternatives that save money, maintenance and provide lasting solutions.

ADVANCED TECHNOLOGIES

From Microwave and PIR Sensors, CCT and Wattage Selectable switches and add on emergency backup sensors, SATCO® creates fixtures that offer enhancements that preform additional duties for enhanced efficiencies and overall savings.

INNOVATIVE DESIGN

Adjustable arms, remote drivers, rugged all-in-one fixtures, space adjusting clips, angle adjusting joints, air tight design, adjustable mounting our lighting products are designed for versatility.

RETROFIT SOLUTIONS

SATCO® offers a wide variety of cost savings retrofit products for applications that require maintaining the existing luminaries to be brought up to required efficiencies standards.

SLIM AND WIDE STRIPS – CONNECTABILITY

Slim and wide connectible strips are available with "jumper cable" connection or male/male quick connector. Only one fixture needs to be wired to energize the entire run, (up to 40' depending on the configuration).

Knockout option for standalone units or traditional conduit connection.

Male/male quick connector allows for almost seamless tandem installation.

Connectible up to 10 units, depending on configuration.

One integrated sensor version can control up to 7 units at 120V and 10 units at 277V.

Emergency battery backup (EM):
Wide LED connectible strip fixtures are available with integrated Emergency Battery Backup.

Battery mode:
90 Minute run time
8W ~ 1000 Lumens
Optional sensors available to accommodate life safety codes, (86-210 microwave), (86-211 PIR)

WIDE STRIPS WITH INTEGRATED MICROWAVE MOTION SENSOR

Settings:
By selecting the combination on the DIP switches, sensor data can be precisely set for each specific application.

	1	2	
I	ON	ON	100%
II	ON	–	75%
III	–	ON	50%
IV	–	–	10%

Detection area
Detection area can be reduced by selecting the combination on the DIP switches to fit precisely each application.

	3	4	5	
I	ON	ON	ON	5S
II	–	ON	ON	30S
III	ON	–	ON	90S
IV	–	–	ON	3min
V	ON	ON	–	20min
VI	–	–	–	+∞

Hold time
Refers to the time period the lamp remains at 100% illumination after no motion detected.

	6	7	8	
I	ON	ON	ON	0S
II	–	ON	ON	5S
III	ON	–	ON	5min
IV	–	–	ON	10min
V	ON	ON	–	30min
VI	–	ON	–	1h
VII	–	–	–	Disable

Stand-by period
Refers to the time period the lamp remains at a low light level before it completely switches off in the long absence of people. When set to "+∞" mode, the low light is maintained until motion is detected.

	1	2	3	4	
I	–	–	ON	ON	2Lux
II	–	–	–	ON	5Lux
III	–	ON	ON	–	10Lux
IV	–	–	ON	–	25Lux
V	–	ON	–	–	50Lux
VI	ON	–	–	–	100Lux
VII	–	–	–	–	Disable

Daylight sensor
The sensor can be set to only allow the lamp to illuminate below a defined ambient brightness threshold.
When set to Disable mode, the daylight sensor will switch on the lamp when motion is detected regardless of ambient light level.
50lux, 30lux: twilight operation, 10lux, 5lux: darkness operation only.
Note that daylight sensor is active only when lamp totally switches off.

	5	6	
I	ON	ON	50%
II	–	ON	30%
III	ON	–	20%
IV	–	–	10%

Stand-by dimming level
The low light level you would like to have after the hold time in the long absence of people.

See warranty for details.　　　　　Product sheets NU1628 & NU1559

COMMERCIAL DOWNLIGHT EMERGENCY BATTERY BACKUP DRIVER

Features:

6 Watts / up to 515 lumens in EM mode

Led test switch and indicator light included

Output and over-power protection

90 Minute battery run time

Recharge 24 hours max.

Long life, high temperature, recyclable lithium ion battery

Compatible with Satco 4″, 6″, 8″ and 10″ Commercial LED Downlights

SATCO® | NUVO

COMMERCIAL DOWNLIGHT EMERGENCY BATTERY BACKUP DRIVER

Technical Description/Operation:

The Satco S8003 is a UL Listed emergency driver that allows the same LED fixture to be used for both normal and emergency operation. In the event of a power failure, it switches to the emergency mode and operates the existing for 90 minutes. The unit contains a battery, charger, and converter circuit in a single can and is available in different mounting configurations for use with the Satco LED Commercial Downlight series. The continual power design maintains the output wattage to the LED light sources resulting in non-diminishing brightness for the entire runtime.

CAUTION: REPLACE BATTERY ONLY WITH YHBAL2-3.3

Specifications:

Input voltage: 120-277VAC, 50/60Hz

Output voltage: 20-50VDC

Output power: 6 Watts

Power factor: > 0.5

Emergency operation: 90 Minutes

Operating temperature: 32° (0°C) to 140° F (60°C)

Meets UL 924 for Emergency Lighting

THREAD® LINEAR
LED LIGHTING SYSTEM

Features:

- Available in 6″, 10″, 21″ and 30″
- On board IC driver—no external driver required
- 312 Lumens per foot at 2700K
- 330 Lumens per foot at 3500K
- Diffuser lens for even light—eliminates hot spots and glare - included
- Flat mounting clips, 45˚ mounting clips, removable diffusing lens and closed end cap included with each unit
- Very low heat, no UV or IR radiation
- Junction box or portable installations–various connection accessories available
- Up to 65′ continuous runs off one power feed

- Exact spacing of LEDs, including fixture to fixture for consistent, even lighting
- ENERGY STAR certified for under-cabinet and cove applications
- Construction: Extruded polycarbonate body and diffuser lens
- Light source: LED 2700K and 3500K
- White Finish
- Dimming to less than 5% with electronic low voltage (ELV) dimmers
- 5 year warranty*
